Hang Week's Wash in a Few Minutes on a Hill Clothes Dryer

Clean Compact

Why continue to fuss with unsightly, ungainly clothes lines and poles when you can get this neat, compact, convenient Hill Dryer. Instead of being spread all over the yard and supported by numerous poles, every inch of every line on the Hill Dryer is within easy reach—so you can hang the whole wash without moving a step, without having to drag the heavy basket up and down the yard through snow or damp grass.

Capacious Convenient

Set up a Hill Dryer in a convenient spot near the house and see how many steps, how much time, work and bother it saves. Once use it and no one could ever coax you back to the old-fashioned clothesline method. Hill Dryers are made in several sizes and styles for lawn, balcony and roof. Hold 100 to 150 feet of line—revolve so line comes to you—taken apart, folded up and put away, keeping your lawn entirely clear of obstructions.

Let us put one up in your yard ready for next wash-day. Or call and see it.

SUPER SECURES NEW DIRECTOR

Y. M. C. A. Secretary Engages Athlete to Take Charge of Physical Work

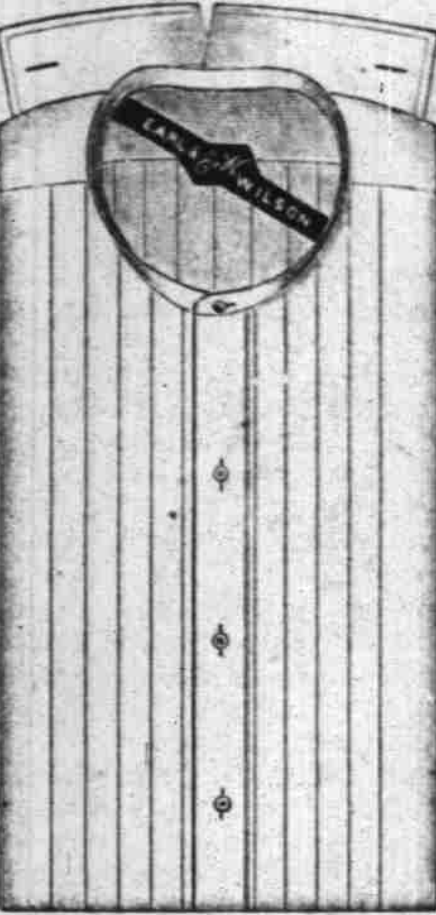

According to a cablegram received this morning by Acting General Secretary Larimer of the Young Men's Christian Association from Secretary Paul Super, R. J. Horton of the Richmond (Ind.) Y. M. C. A. has been secured to fill the position of local Y. M. C. A. physical director made vacant by the resignation of Dr. E. H. Hand. The cable which was sent from Williams Bay, Lake Geneva, gives no information regarding the appointee except that he is a Methodist. The cable reads "Horton Physical Spiedid Methodist." There is only one Horton given in the list of officials in the Y. M. C. A. Year Book of 1911-12 and he is R. J. Horton, physical director at Richmond, Indiana Y. M. C. A. and a graduate of the Chicago Y. M. C. A. training school, class of 1906. "This must be the man meant by Super," said Larimer this morning when discussing the cablegram. I am sure that Mr. Super would not select an inexperienced man for the place and there is only one Horton mentioned in the Association Year-Book. The cablegram was received by Larimer before breakfast although it was sent from Lake Geneva at ten A. M. the four hours difference in the time between here and there accounting for Larimer's receiving it before Super sent it.
